RFuW Engineering, Ltd. Announces the Appointment of RFMW Ltd. as their Global Distributor

Labuan, Malaysia, 19 April 2017 - Today RFuW Engineering, Ltd., the industry's leading supplier of high power, high reliability SMT RF Limiters and Switches, is proud to announce the appointment of RFMW, Ltd. as the company's global distributor. RFMW, Ltd. offers customers worldwide sales coverage from their three pronged base of operations in the US, Asia and Europe.

There are tremendous synergies created by the partnership between RFuW Engineering, Ltd.'s uniquely positioned products and RFMW, Ltd.'s broad set of customer relationships.

"It has been amazing to witness the virtual "David vs Goliath" decade-long battle which RFMW Ltd., utilizing their RF specialty strategy, has successfully waged against the establishment competitors within the mainline electronics distribution market" stated Tim Emery, Vice President and Senior Partner of RFuW Engineering, Ltd. He continued, "Under the leadership of Joel Levine and Steve Takaki, RFMW, Ltd. has built the preeminent RF & MW distributor. They have created a magnetic environment which has attracted the very best product marketing and field sales engineering talent within the industry, and RFuW Engineering, Ltd. is honored to partner with such a recognized industry leader."

About RFuW Engineering, Ltd.: *RFuW Engineering, Ltd. was founded in 2014 by former senior management of Aeroflex & MACOM specifically focused on supporting RF customers who have become marginalized by the unhealthy consolidation trend plaguing the RF industry. RFuW Engineering, Ltd. offers high power, high reliability, SMT Limiter and Switches in the HF to X Band frequency range designed, developed and produced in the company's Asia base of operation.*
