RFuW Engineering, Ltd. Announces the Appointment of IMC, Ltd. Sales Representative for Japan

Labuan, Malaysia, 22 SEP 2017- RFuW Engineering, Ltd., the industry's leading supplier of high power, high reliability SMT RF Limiters and Switches, today announced the appointment of IMC, Ltd. as the company's representative for Japan. "We are very excited to announce the partnership with IMC as RFuW Engineering's authorized representative in Japan. IMC is the preeminent independent RF & MW sales representative firm in Japan and we are indeed honored to be able to make this announcement" stated Tim Emery Vice President of Business Development & Senior Partner, RFuW Engineering. Mr. Emery continued "I am particularly pleased to again be able to work with Mr. Johnai Kats, Director - Wireless Department, IMC as we had work together for almost a decade in a previous life."

IMC, Ltd. was founded in 2013 and has amassed an impressive portfolio of almost two dozen international RF & MW suppliers which offers their customers almost every fundamental building block in the RF chain. Coupled with their extensive RF product offering, IMC also has a well seasoned RF sales team who are very capable of leading collaborative design discussions with their broad base of customers and offer device selection guidance. IMC's extensive product offering lends itself to block diagram selling which RF designers appreciate. "RFuW Engineering is very pleased to find a niche within IMC's portfolio and look forward to a long and prosperous relationship with them" continued Mr. Emery.
